AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions, and listing of claims in the application:

LISTING OF CLAIMS:

Claim 1 (Currently amended) A replaceable bedding structure for ~~double~~ uses use in both winter and summer, comprising:

a body defined by a pillow formed of a foamed material; and

a cover encasing the ~~body~~ pillow and having a bottom cover and a upper cover ~~coupling with~~ releasably coupled to the bottom cover;

wherein the bottom cover has an opening and a coupling section located on ~~the~~ a periphery of the opening, the upper cover having a base, a plurality of spaced blocks being laid on the base and interconnected by connection threads extending therebetween, and the upper cover having a connecting section located on ~~the~~ an outer periphery of the base to engage with the coupling section so that the upper cover and the bottom cover are coupled to encase the ~~body~~ pillow, the connecting section of the upper cover and the coupling section of the bottom cover being defined by a zipper.

Claim 2 (Currently amended) The replaceable bedding structure of claim 1, wherein the blocks are flat ~~bamboos~~ pieces of bamboo.
